RE: Postponement Delivery Plan

SES Students and Parents,

As of March 25th, our state is now under a “Stay at Home” order from Governor Holcomb’s office. In an effort to support the Governor's decision and further support our attempts to slow down the spread of COVID-19 we will be placing our instructional material and meal delivery plans on hold until at least April 7th. We will be offering meals to any student under the age of 18 free of charge on Tuesday and Friday from 11:00 a.m. to 1:00 p.m. until the “Stay at Home” order has been lifted.

Our calendar for the month of April remains the same as previously shared with the exception of the temporary hold on the delivery of instructional materials and meals. Instructional materials will be available for pick up at each meal pick up site starting **Friday, April 3rd** as a drive-up service. Teachers will be communicating with their classes whether instructional material pickup is necessary each week. If pickup is not an option for your family we ask first that you check with a neighbor or friend of family to assist with pick-up, and then contact the school if neither of those options are available.

Our website is being continually updated with our status and archived information as the situation continues to develop: [www.ses.k12.in.us](http://www.ses.k12.in.us). Please refer to the website with questions you may have or reach out to your child’s school. To view today’s video update [CLICK HERE](#)

As you know, our status and current situation could change in the days and weeks ahead, but we feel it prudent to keep you informed as we modify and adapt our plans. We greatly appreciate your support and partnership through this difficult time.

Regards,

Dr. Todd Hitchcock
